**Subject:** MSC Comments to GNPK Proposal

Hi RRD,

We would like to respectfully submit the following comments of the MSC (as discussed last 11 July 2024) to the Proposed Amendments to the WESM Rules and WESM Manual on Dispatch Protocol regarding Must-Offer Rule:

- MSC has no objection to the inclusion of “generator technical constraints” to Section 3.5.11.5 of the WESM Rules.
- Any amendments related to the proposed amendments should not be retroactive. It should be prospective.
- Regarding the proposed amendments to Chapter 11 of the Glossary, the proposed phrase is already covered by the phrase “steam flow limitations”

For your appropriate action / reference.

Thank you.

Regards,
