

**WHOLESALE ELECTRICITY SPOT MARKET
RULES CHANGE COMMITTEE**

RESOLUTION NO. 2014-08

**Proposed Amendments to the Various WESM and Retail Market Manuals
relative to the Investigation of Infractions Relating to Meter Data and
Metering Facilities**

WHEREAS, on 01 April 2014, the RCC received from the Dispute Resolution Administrator (DRA) the Proposal for amendments to the WESM and Retail Market Manuals on Metering Standards and Procedures; WESM Manual on Registration, Suspension and De-Registration Criteria and Procedures; and Retail Market Manuals on Registration Criteria and Procedures and Market Transaction Procedures;

WHEREAS, the proposal aims to delete the provisions in the WESM and Retail Market Manuals on Metering Standards and Procedures stating that the DRA is responsible for investigating infractions and tampering of metering facilities or installations, as said task was found to be inconsistent with the duties and obligations of the DRA under the WESM Rules and the WESM Dispute Resolution Market Manual (DRMM), (i.e. to administer and ensure the effective implementation and operation of the WESM dispute resolution process).

WHEREAS, the proposal likewise recommends that the DRMM be added as a reference under the relevant sections in the WESM Manual on Registration, Suspension and De-Registration Criteria and Procedures, and the Retail Market Manuals on Registration Criteria and Procedures and Market Transaction Procedures, to incorporate the dispute resolution mechanism.

WHEREAS, on 02 April 2014, the RCC convened for its 86th Regular Meeting to deliberate upon the proposed changes to the subject WESM and Retail Market Manuals;

WHEREAS, during the same meeting, the RCC gave due course on the subject proposed amendments and approved the posting of the proposal as presented in the WESM public information website in order to solicit comments from market participants and interested parties;

WHEREAS, the proposal was posted in the public information website on 03 April 2014 and the notification e-mail requesting comments from members and interested parties was issued on the same day;

WHEREAS, the proposal was taken up again by the RCC on 07 May 2014 during its 87th Regular Meeting based on the comment and proposal received from

the PEMC – Billing, Settlement and Metering Department (BSMD) on the proposed amendments to the WESM and Retail Market Manuals on Metering Standards and Procedures;

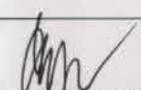

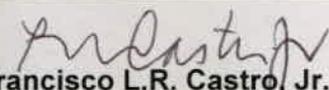

WHEREAS, during the same meeting, the RCC approved the proposal of PEMC – BSMD to replace the term ‘Dispute Resolution Administrator’ with ‘Enforcement and Compliance Officer’ to be consistent with section 7.2.2.2. of the WESM Rules, instead of deleting the entire sub-sections in the Metering Standards and Procedures Manuals referencing the DRA as the one to undertake such task;

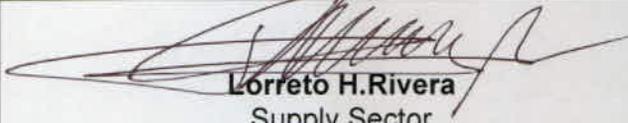

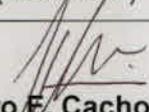

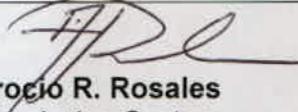

NOW THEREFORE, we, the undersigned and in behalf of the sector we represent, hereby resolve as follows:

RESOLVED, that the Proposed Amendments to the WESM and Retail Market Manuals on Metering Standards and Procedures; WESM Manual on Registration, Suspension and De-Registration Criteria and Procedures; and Retail Market Manuals on Registration Criteria and Procedures and Market Transaction Procedures, as revised are hereby adopted and approved;

RESOLVED FURTHER, that the attached Proposed Amendments to the subject Manuals (Annex A) are hereby endorsed to the PEM Board for its approval.

Done this 07 May 2014, Pasig City.
