

05 December 2022

Advisory Number : REM- 2022-010

Subject : Issuance of September 2018 to December 2018 Renewable Energy Certificates (RECs)

Dear REM Participants,

We thank all those who have submitted their REC Validation Forms relative to the review and confirmation of the June 2018 to August 2018 issued RECs. After our review and provision of responses to REM Participants with reported issues/concerns, the RE Registrar concluded that the issued RECs for the said periods are all correct except for the RECs received by one Mandated Participant, which will receive its adjusted RECs in the September 2018 REC issuance.

Hence, please be advised that the RE Registrar already issued the corresponding RECs for the FIT and Non-FIT Compliance Mechanisms for the **September 2018 to December 2018** billing periods.

We request all REM Participants to review the RECs issued to your company via the Philippine Renewable Energy Market System (PREMS) for the said billing periods. Please accomplish and sign the REC Validation Form herein attached and submit it to us via email to reregistrar@wesm.ph or through the Secured File Transfer Protocol (SFTP) at <https://ftp-in.wesm.ph/login> on or before **23 December 2022, 05:00 PM.** Please note that non-submission of the accomplished and signed REC Validation Form on the indicated deadline shall be considered **as confirmation on the correctness of the RECs issued to your company/organization** for the subject billing periods. Any request for extension for validation is highly discouraged.

To help you in validating the RECs issued to your company/organization, you may refer to the following table for the available data in the Philippine Renewable Energy Market System (PREMS):

Compliance Mechanism	Data	Who Needs to Validate?
1. FIT Compliance Mechanism: RE Generation Allocation	1. Customer Metered Quantity (MQ); 2. FiT-All Payment; 3. FiT-Eligible MQ; and 4. Compliance Mechanism	Data	Who Needs to Validate?
2. Non-FIT Compliance Mechanism: Power Supply Agreement with Eligible RE Facility	1. Eligible RE Facility MQ; and 2. Bilateral Contract Quantities	Eligible Non-FIT RE Generator Participant and non-DCC Counterparties Note: DU and RES counterparties are requested to coordinate with their generator counterparty/ies in the validation of their issued RECs.
3. Non-FIT Compliance Mechanism: WESM transaction of eligible non-FIT RE facilities	Eligible RE Facility MQ	Eligible RE Generator Participant

Below are some additional information to guide you in validating the RECs issued to your company:

1. Log-in to your respective PREMS account to view and verify the above data.
2. The REC Manual Computation Templates for the validation of FIT-eligible RECs for September 2018 to December 2018 are accessible through the SFTP via <https://ftp-out.wesm.ph/login>. Kindly log-in to your respective SFTP account to download a copy of the template.
3. Some FIT RE facilities have no actual generation from the previous month. Hence, kindly check the carry-over value per FIT-eligible RE generator from the older months and input the value in the Factor B column of the month you are reviewing.
4. The following documents are available for download via the PEMC website through these links [PREMS | Philippine Electricity Market Corporation \(wesm.ph\)](https://www.wesm.ph) and [RE Certificate Validation Process | Philippine Electricity Market Corporation \(wesm.ph\)](https://www.wesm.ph):
