## INTRODUCTION: PEMC TRAINING

The Training Section carries on the tasks and activities initiated by the PEMC Training Technical Working Group (TWG) in 2019. As such, its main function is to organize, conduct, and manage trainings and other related endeavors, such as awareness and information drives. This is to promote learning among the Wholesale Electricity Spot Market (WESM) stakeholders on matters concerning market governance, rules, and developments in the market for better understanding and appreciation of the WESM. Relevant market updates that have significant impact on market governance will also form part of the training campaign.

Trainings are typically conducted once every month, usually on a Wednesday, between January to October each year.
