

WHOLESALE ELECTRICITY SPOT MARKET RULES CHANGE COMMITTEE

RESOLUTION NO. 2019-18

Proposed Amendments to the Retails Rules and Various Retail Manuals to Harmonize with ERC Rules Supplementing the Switching and Billing Process and Adopting a Disconnection Policy for Contestable Customers

WHEREAS, the Independent Electricity Market Operator of the Philippines (IEMOP) submitted the subject proposal to align the Retail Rules and the Retail Manuals with the relevant provisions of the Energy Regulatory Commission (ERC) Rules Supplementing the Switching and Billing Process and Adopting a Disconnection Policy for the Contestable Customers under ERC Resolution No. 9, Series of 2018, referred to as the Supplemental Switching Rules;

WHEREAS, under the Section 2 of the Supplemental Switching Rules, no Contestable Customer shall be allowed to switch or be supplied by a new Retail Electricity Supplier (RES) or Supplier of Last Resort (SOLR) should it have an outstanding balance with its Network Service Provider (NSP), in case of initial switch, or incumbent RES;

WHEREAS, in the current provisions of the Retail Rules and the Retail Manual on Market Transactions Procedures, it is the responsibility of the Contestable Customer to ensure that it has fully complied with its outstanding obligations to its incumbent supplier;

WHEREAS, the current provisions also provide that compliance with such requirements will not be verified by the Central Registration Body (CRB) and is not a pre-requisite to its confirmation of the switch;

WHEREAS, the Supplemental Switching Rules also provide applicable procedures for disconnection and reconnection for retail market participants;

WHEREAS, the Retail Manual on Registration Criteria and Procedures does not provide the procedures for disconnection and reconnection for retail market participants;

WHEREAS, the proponent's recommendation is to harmonize the Retail Rules and relevant retail manuals with the Supplemental Switching Rules of the ERC;

WHEREAS, the RCC approved the publication of the proposal in the PEMC website on 16 August 2019 to solicit comments from industry stakeholders and interested parties;

WHEREAS, following the 30-working day commenting period from publication date on 20 August 2019, comments were received from PEMC, MERALCO, Aboitiz Power Corporation, and SPC Power Corporation, which, together with the proponent's responses to these comments, were considered in the RCC's deliberation during its 157th meeting on 18 October 2019;

WHEREAS, the RCC approved the proposals, as amended, and its endorsement to the PEM Board;

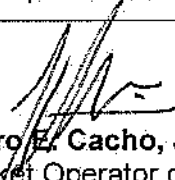

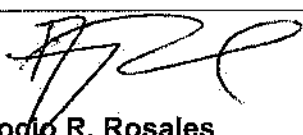

NOW THEREFORE, we, the undersigned in behalf of the sectors we represent, hereby resolve as follows:

RESOLVED, that the RCC approves the Proposed Amendments to the Retail Rules and Retail Manuals to harmonize with the supplemental switching rules of the ERC;

RESOLVED FURTHER, that the Proposed Amendments to the Retail Rules and Retail Manuals on Market Transactions Procedures and Registration Criteria and Procedures (Annexes) are hereby endorsed to the PEM Board for approval and subsequent transmittal to the DOE for promulgation;

Done this 08 November 2019, Pasig City.
