## DOs & DON'Ts

Notes:

- Use the logo orientation appropriate to the lay-out/space provided.
- Ensure logo visibility – colored logos on light backgrounds and the reverse for colored backgrounds.
- Background color should not be similar to that of the logo.
- Do not use the logo on busy backgrounds.
- Do not stretch or modify the logo.
- Do not take apart the logo elements and piece them back together. Use the logo as one whole unit.
